luca

We are looking for you!

Working Student / Internship (m/f/d)
Content Creation

Do you love creating content? Then come and introduce yourself! We are looking for a native English speaker to help with designing, translating and proofreading content.

Your main tasks are

- Creating content for our website, info material, presentations, etc.
- Language checks in our products
- Proofreading and correcting existing materials
- Working with our marketing and PR team
- Creating content for social media channels like Facebook and Instagram
- Assisting in customer support

Your qualifications

- Native English speaker
- Previous experience in the creation of content, e.g., an internship at a newspaper
- Quick comprehension
- Good time management skills
- Independent and proactive
- Excellent communication skills
- Enthusiasm for our project **www.luca-app.de**

We offer you

- Exchange and fun with ~50 work colleagues
- An open office at the Gendarmenmarkt in Berlin
- Mobile office
- Plenty of space and freedom to help think about and design our products
- Competitive salary

About luca

The luca system enables encrypted, GDPR-compliant contact data collection and seamless tracking of infection chains. The team behind the luca-initiative is made up of neXenio GmbH, a spin-off of the Hasso Plattner Institute, and some prominent cultural figures, such as the band "Die Fantastischen Vier".
